2. CORE DESCRIPTION

Consistent with Chapter 632.010 RSMo, the Division of Comprehensive Psychiatric Services (CPS) has the responsibility of ensuring that prevention, evaluation, care, and rehabilitation services are accessible to persons with psychiatric disorders. To ensure compliance with this statute CPS exercises administrative supervision and oversight of inpatient hospitals, residential facilities, and community based programs and services funded or licensed/certified by the department. CPS promulgates necessary rules, policies and procedures for the government, administration, discipline and management of its facilities, programs and operations.

CPS supports the Department of Mental Health goals and duties as delineated in 630.020 RSMo by:

1. Reducing the incidence and prevalence of mental disorders through primary, secondary and tertiary prevention;
2. Maintaining and enhancing intellectual, inter-personal and functional skills of individuals affected by mental disorders by operating and funding modern treatment and rehabilitation programs provided in the least restrictive environment possible;
3. Improving public understanding of and attitudes toward mental disorders.

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: CPS Administration

Program is found in the following core budget(s): CPS Administration

1. What does this program do?

This core item funds the administration of the Division of Comprehensive Psychiatric Services (CPS) through the following employee functions: Program and Policy Development and Planning; Training and Technical Assistance; Quality of Treatment; Compliance and Monitoring; and Financial and Data Management. Through program development, monitoring, and oversight CPS provides quality treatment to adults and children who have been diagnosed with Serious Mental Illness, Severe Emotional Disturbance, and in many cases dually diagnosed with a psychiatric disorder and substance abuse. Through the diligence of CPS administration, the citizens of the state can be assured of efficient and high quality treatment and care for the most vulnerable individuals in the state, while insuring public safety.

CPS supports five hospital systems. Each system is directed by a Chief Executive Officer and consists of one to three state operated and funded inpatient facilities. Funding for these positions is through the budgets of the inpatient facilities, however, CPS provides direction, guidance and oversight for the hospital systems. The hospital systems were developed to consolidate administrative staff from each inpatient facility into a centralized regional administration in order to gain efficiency and standardization of treatment and policy. The five hospital systems are: 1) Western - Center for Behavioral Medicine and Northwest Missouri PRC; 2) Central - Fulton State Hospital ; 3) Eastern - Metropolitan St. Louis PC, St. Louis PRC, and Hawthorn Children's Psychiatric Hospital; 4) Southeast Missouri MHC and Cottonwood Residential Treatment Center; and 5) Southwest Missouri PRC.

CPS Administration supports management and policy making for all of CPS's services and assures: 1) the accessibility and coordination of treatment services throughout the state; 2) the availability and competence of both state and privately employed treatment staff; and 3) the integration and attainment of the goals identified by the Department. Further, CPS enters into approximately 400 contracts with private providers through whom CPS purchases mental health and residential services and supports.

CPS also applies for and oversees numerous federal grants to assist in the funding of treatment for both adults and children. This includes the annual application for the Community Mental Health Services Block Grant (\$7+ million annually). Additional grants are being identified and applications developed.

Funding this item ensures statewide coordination of programs and funding for CPS. Federal funding for categorical and block grants would be lost if this item were not funded.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

2. CORE DESCRIPTION

The HB Section Facility Support was created during the FY 2011 budget cycle to assist CPS facilities. It establishes a single section to administer several allocations to facilities that have historically come from Adult Community Programs, NGRI and PRN Nursing Pool House Bill Sections and establishes a mechanism to allow the allocation of Medicare earnings to the facilities to assist them in coping with overcensus issues.

Loss of Benefits

The Department of Mental Health (DMH) must provide secure inpatient hospitalization for those individuals committed by Circuit Courts pursuant to Chapter 552 RSMo as not competent to proceed and not guilty by reason of mental disease or defect. Individuals so committed incur costs for necessary medical care. This core item will pay for Medicare Part B premiums and other necessary health care costs for those individuals so committed to DMH.

The Social Security Domestic Employment Reform Act of 1994 removed Social Security Disability Insurance (SSDI), Retirement Survivors Disability Insurance (RSDI), and Social Security Retirement (SSA) for those individuals committed as incompetent to proceed and not guilty by reason of mental disease or defect. Medicare Part B premiums, which help pay for necessary health care costs, were previously paid for out of these Social Security funds. Payment of these premiums will maintain Medicare insurance for those eligible forensic clients thereby allowing Medicare to pick up a major portion of client medical expenses.

PRN Nursing & Direct Care Staff Pool
A nursing shortage exists both statewide and nationally. This shortage, in conjunction with non-competitive state salaries, has limited the number of qualified nursing personnel available to staff state funded mental health facilities. This continuing shortage could adversely impact the safety and security of staff and clients; Joint Commission for Hospital Accreditation status; Medicare Certification; third party reimbursements and disproportionate share claim reimbursement.

A new bill section was created for the Division of CPS during the FY'06 budget process to address the nursing shortage issue by allowing CPS to establish a PRN nursing pool. This was accomplished through a redirect of Personal Service funding and FTE from CPS facilities' budgets to the new bill section. Individuals hired into this pool will not be allowed to work more than 1,039 hours per year (.49 FTE) and will not be eligible for state benefits. The fringe benefit funding associated with the CPS facilities' FTE was core transferred into this new bill section from HB 5 (O/A Fringe) to fully support the PRN nursing pool.

Federal Authority
This will allow the facilities to utilize Medicare collections for the purchase of medical services in order to comply with the Medicare bundling requirements. In addition, this will also allow the Division to utilize state operated waiver collections to restore facilities expenses and equipment costs incurred for training, pay for annual expenses to implement Medicare Part D and to utilize Medicare part D collections to assist facilities in coping with over census issues.

CORE DECISION ITEM

Department: Mental Health	Budget Unit: 69209C
Division: Comprehensive Psychiatric Services	
Core: Adult Community Programs	

2. CORE DESCRIPTION

CPS Adult Community Providers serve priority populations including: individuals discharged from state hospitals, individuals within the probation and parole system, individuals that are Medicaid eligible, and limited funding for individuals in crisis.

Consistent with Chapter 632.010 RSMo, the Division of Comprehensive Psychiatric Services (CPS) is responsible for ensuring prevention, evaluation, treatment and rehabilitation services are accessible, wherever possible. Funding is necessary to assure availability of a comprehensive system of community services because: (1) new medications and psychiatric rehabilitation technologies have been developed for use in the community; (2) services in the community have the same or greater effectiveness in terms of symptom reduction, functional skills, and client outcomes; and (3) consumers and families generally prefer community services.

Historically, the majority of mental health funds have been spent on inpatient psychiatric care. However, new treatment and medication technologies, community involvement, and consumer preference have created the need for the development of community based services. These services are provided where clients live thus allowing them to remain in their communities, and are also provided to clients affected by mental illness and/or dual diagnosis experiencing homelessness.

Adult Community programs are administered locally by Community Mental Health Centers that serve as administrative agents for CPS's twenty-five (25) defined service areas. Adult community services are designed to promote independent living in the least restrictive setting possible. The service philosophy is one of recovery that instills hope and promotes self-determination and full community membership for persons with serious mental illnesses and the homeless mentally ill.

There are two major components of Adult Community Programs offered through CPS: 1) Community Treatment, and 2) Residential Services.

Adult community programs are funded through the following sources:

- Title XIX (MO HealthNet): Approximately sixty percent (60%) of the cost for certain approved services is provided by the federal government for MO HealthNet eligible clients. The remaining forty percent (40%) is funded by state general revenue.
- Medicare: After deductibles and co-payments, eighty percent (80%) of the cost is paid by the federal government for eligible clients.
- General Revenue (GR): GR is used to pay for services for indigent clients. The standard means test is applied to determine what, if any, payment the client can make from Social Security, SSI, private insurance, or other personal resources.

NOTES:

- (1) In FY 2008, the unexpended amount includes \$2,300,000 of Federal authority placed in agency reserve. In addition, \$2,292,394 was reallocated from the centralized Provider Rate Increase Pool into the appropriate HB sections.
- (2) In FY 2009, the increase over FY 2008 is primarily due to the 3% Provider COLA of \$4,975,953.
- (3) In FY 2010, the lapse in federal authority is due to the transition of Targeted Case Management to Community Support billings not being fully implemented until FY 2012.

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: Adult Community Programs - Community Treatment

Program is found in the following core budget(s): Adult Community Programs

1. What does this program do?

CPS Adult Community Providers serve priority populations including: individuals discharged from state hospitals, individuals within the probation and parole system, individuals that are Medicaid eligible, and limited funding for individuals in crisis.

This program provides a treatment and case management system that is delivered through the CPS network of Community Mental Health Centers (CMHC's) and affiliated community providers. Voluntary access to needed services and the service delivery system are promoted in each service area through outreach, screening, intake and evaluation services performed by the local CMHC. CMHCs are also required to accept civil involuntary outpatient commitments when deemed necessary, screen all clients being discharged from state facilities within two weeks as well as provide services to clients who are conditionally released from civil involuntary inpatient commitments and forensic involuntary inpatient commitments. In addition to the outreach, screening, intake and evaluation services provided for all clients, community treatment also includes the following services: case management; community support; medications and medication related services; individual, group and family therapy; wrap-around services; psychosocial rehabilitation; day treatment; supported employment; and 24-hour crisis intervention services.

This program has been developed to serve CPS's adult target populations of forensic clients and persons with severe mental illness, particularly those individuals who are at risk of repeated inpatient hospitalization. Individuals being discharged from inpatient psychiatric facilities are also in particular need of intensive services and supports from community based programs. Many community providers have developed waiting lists due to the increased demand for services and their limited resources. This program insures that individuals being discharged from inpatient care are connected to community services upon discharge by being assigned a case manager or community support worker. Research indicates that this makes a significant difference in hospital recidivism rates and following through with community treatment.

Case management assists persons in accessing treatment, services and supports in the community. Service activities include arranging, coordinating, and participating in assessment activities; coordinating services and supports; and monitoring services to insure implementation of the treatment plan.

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: Adult Community Programs - Community Treatment

Program is found in the following core budget(s): Adult Community Programs

1. What does this program do? (Continued)

Community Psychiatric Rehabilitation provides an array of key services to adults with the most severe, disabling mental illness. This is a client centered approach that emphasizes individual choices and need, flexible services and supports, using existing community resources and natural support systems, and providing the necessary rehabilitative skills training in home and community settings to promote independence and the pursuit of meaningful living, working, learning and leisure time activities in normal community settings. These services are covered under the MO HealthNet Rehabilitation Program and include intake/annual evaluations, community support, medication management, and psychosocial rehabilitation services.

Additionally the Department of Mental Health and the Department of Corrections are collaborating on the Community Mental Health Project for offenders with mental health issues who are under the supervision of Probation and Parole. The partnership creates a firm linkage between offenders and community mental health centers which **sharply reduces returns to prison from a rate of 27% in the first 6 months down to 5%** for those offenders who successfully complete the program compared to those who do not. It not only has a direct impact on public safety and the prison population but is the right way to care for people with behavior health concerns.

Crisis prevention and intervention must be available where crisis occurs in all areas of the state and at all times. With crisis prevention and intervention, persons have an opportunity to receive necessary crisis services without removing them from the setting they are in, if possible. These frontline services help assure all available community services are utilized to return a person to a pre-crisis level of functioning, direct them to appropriate follow-up services to reduce future crisis situations, and provide referral and resource information to persons who are anticipating a crisis. Access/Crisis Intervention (ACI) provides a comprehensive model for crisis prevention and intervention which is an essential component of a mental health care system that promotes immediate and voluntary access to services and provides appropriate, cost effective mental health services. This model includes, at a minimum, the following services on a 24-hour per day, seven day a week availability: toll-free crisis hotline, mobile outreach crisis team, crisis residential services, and next-day urgent appointment capability. This service also provides qualified mental health professionals to assist law enforcement and others in the civil involuntary commitment process.

Through this program, many individuals with serious mental illness can successfully live and work in the community. Without this funding: (1) many more people with serious mental illness (SMI) would not be able to live in their communities and would result in increased emergency department visits, inpatient hospitalizations, homelessness, and incarcerations at greater cost to the state; and (2) quality of life for these persons would be further diminished in terms of personal freedoms, lost productivity and income, and increased stigma associated with more restrictive forms of treatment.

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: Adult Community Programs - Community Treatment

Program is found in the following core budget(s): Adult Community Programs

1. What does this program do? (Continued)

Funds were appropriated in FY 2008 for a new evidenced based service known as Assertive Community Treatment (ACT). Services are targeted to a specified group of individuals with severe mental illness in such a manner that rather than brokering services, the treatment, support and rehabilitation services are provided directly by an ACT team. The staff-to-consumer ratio of an ACT team is small (approximately 1 to 10) with team members sharing the responsibility for the individuals served by the team. Treatment and services are flexible and comprehensive with interventions carried out at the locations where problems occur and support is needed rather than in hospital or clinic settings. Services are available under the ACT Model on a 24-hour basis with no arbitrary time limit on receiving services. The ACT teams are assertive in engaging individuals in their individualized treatment, support and monitoring of progress.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 632.010.1, 632.010.2(1), 632.050 and 632.055 RSMo.

3. Are there federal matching requirements? If yes, please explain.

Community Psychiatric Rehabilitation and Targeted Case Management are MO HealthNet services and require approximately forty percent (40%) state match. The federal block grant requires CPS to maintain a level of funding for community programs for adults.

4. Is this a federally mandated program? If yes, please explain.

The Americans with Disability Act (Supreme Court Ruling in Olmstead vs. LC, 1999) requires states to identify institutional residents who could be in more integrated community settings.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: The increase in FY 2009 is primarily due to the 3% Provider COLA of \$4,975,953.

Note: Change in the number of clients served uses FY 2001 as a base year. Clients served in FY 2001 were as follows: 19,152-CPR; 6,466-TCM; and, 24,737-Outpatient. CPR and TCM are MO HealthNet programs; Outpatient reflects non-MO HealthNet programs. The reduction in the number of traditional "outpatient" consumers is because those consumers and services have been converted from POS to CPR and TCM which are funded by MO HealthNet.

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: Adult Community Programs - Residential

Program is found in the following core budget(s): Adult Community Programs

1. What does this program do?

Treating individuals in community settings requires a variety of residential alternatives to meet the diverse needs and wide age range of those we serve. Funds are used to support the cost of residential services such as residential care facilities, group homes, and supported housing. Residential services are provided in the client's community through contractual arrangements. As individuals move into more normalized housing alternatives, they require intensive and flexible services and supports in order to maintain that housing. Provision of these services and supports will enable these individuals to successfully live and work in their communities. CPS contracts with approximately 300 providers of residential services. Examples of some of the residential services included are:

Residential Care Facility - a residential care facility is a long-term care facility licensed as such by the Department of Health and Senior Services and may also be licensed by the Department of Mental Health. This facility serves an adult population of the general public, as well as people who are mentally ill or developmentally disabled. Although these are considered long-term care facilities, it is expected that the client be encouraged and assisted in developing self-care skills which would qualify him/her for a less restrictive treatment setting. The following services are provided by the contractor: room, board and routine care; participation in individualized treatment/habilitation planning; medication supervision; and transportation for services which could include annual physicals, recreation activities, routine shopping trips for clothing and personal items, and routine medical care.

Supported Housing - this is an independent apartment setting where consumers learn to acquire and access resources to maintain themselves independently. Each residence must meet the HUD standards for safe and affordable housing.

Through this program, many individuals with serious mental illness (SMI) can successfully live and work in the community. Without this funding: (1) many more people with serious mental illness would not be able to live in their communities and would require hospitalization at greater cost to the state; and (2) quality of life for these persons would be further diminished in terms of personal freedoms, lost productivity and income, and increased stigma associated with more restrictive forms of treatment.

2. CORE DESCRIPTION

The Division of Comprehensive Psychiatric Services (CPS) must comply with Sections 56.700, 632.405, 632.415 and 631.130 RSMo for statutorily mandated payment of attorney fees and costs related to the legal representation of individuals being considered for civil involuntary detention due to mental health issues, substance abuse treatment, and/or individuals refusing electroconvulsive treatments.

Section 56.700 RSMo allows the payment of attorney fees and costs related to the civil detention of persons under Chapter 631 and 632 RSMo. Under the statute, if a judge having probate jurisdiction in a county where a mental health facility is located finds that a respondent, against whom involuntary civil detention proceedings have been instituted, is unable to pay attorney's fees for services rendered in the proceedings, the judge shall allow reasonable attorney's fees for the services, which shall be paid by the state. The statute also requires that all other costs, including Sheriff mileage fees incurred under these proceedings, be paid (services are paid from a \$738,366 E appropriation).

In addition, this Section allows the prosecuting attorney or county counselor, in certain counties where mental health facilities operated by the Department of Mental Health are located, to employ an assistant attorney, an investigator, and clerical staff to handle the civil detention proceedings at the rate established by the statute (services are paid from a \$132,550 GR appropriation).

NOTES:

The fees imposed by the courts are set by the Supreme Court. Effective July 1, 2003, pursuant to Supreme Court Operating Rule 21.01, Probate Courts could no longer collect the thirty-five dollar fee for involuntary hospitalizations proceedings that had for many years been charged and subsequently paid by the DMH from this appropriation. The Supreme Court Operating Rule 21.01 effective July 1, 2004, once again allows the Probate Court to collect the thirty-five dollar fee, but not in cases where the costs are to be paid by the state. A core reduction of \$100,000 was taken in FY'06 (services to be paid from an E appropriation).

1) The increase in expenditures during FY 2008 and FY 2009 for civil detention legal fees is due to the holding of invoices at year end because funds were depleted. These held invoices were then paid from the subsequent fiscal year's appropriation. In FY 2009, the entire reserve was released in order to pay the invoices on a timely basis to avoid default.

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: Forensic Support Services

Program is found in the following core budget(s): Forensic Support Services

1. What does this program do?

Under Chapter 552 RSMo the Department is statutorily mandated to monitor forensic clients acquitted as not guilty by reason of mental disease or defect who are given conditional releases to the community by Circuit Courts. Monitoring is provided by Forensic Case Monitors under the auspices of the Director of Forensic Services. There are eleven Forensic Case Monitors located across the state who oversee approximately 456 forensic clients on conditional release statewide. The Department is also required to provide court-ordered evaluations under Chapter 552 RSMo.

Forensic Case Monitors must meet at least monthly with each forensic client on conditional release to determine compliance with court-ordered conditions of release and to ensure that forensic clients are receiving care and treatment consistent with their needs and public safety. If the Forensic Case Monitor determines that the client has violated the court-ordered conditions of release, the Forensic Case Monitor arranges for the client's voluntary inpatient admission, or notifies the Director of Forensic Services who may order the client detained and initiate proceedings to revoke the conditional release. The Forensic Case Monitors must also provide testimony at court and revocation hearings and must educate community providers about forensic and public safety issues.

The Department, upon order of the Circuit Court, provides pretrial evaluations pursuant to Chapter 552 RSMo. The Department requires that evaluations be completed by Certified Forensic Examiners who must hold doctorate degrees in medicine, osteopathy or psychology and who must complete required supervision and training.

Without funding for this core item DMH will not be able to comply with the requirements of Section 552.040(16) RSMo, clients on conditional release will not receive the services and supports required in order to ensure public safety, and court-ordered evaluations will not be completed resulting in court sanctions.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 552 RSMo

3. Are there federal matching requirements? If yes, please explain.

No

2. CORE DESCRIPTION

CPS Youth Community Providers serve priority populations including children and youth who are at risk of placement outside of their home (inpatient or residential) and/or are transitioning from a DMH/CPS supported placement out of their home. The purpose of the Youth Community Programs core item is to fund an array of treatment interventions for youth experiencing serious emotional disturbance (SED) residing in the community. Children with SED, and children and youth with acute psychiatric needs are the primary clients that receive services funded by Youth Community Programs. The 2009 estimated census population of youth under age eighteen (18) in Missouri is 1,437,019. Conservative estimates of prevalence (Center for Mental Health Services, HHS, 1997) indicate seven percent (7%) of all Missouri children, or 100,591 children, could experience SED. Estimates of any psychiatric illness with lesser functional impairment are even higher, from twelve percent (12%) to twenty-one percent (21%). Based upon a conservative presentation rate of fifty percent (50%) of children experiencing SED, some 50,296 children may need services from the public mental health authority. However, in FY 2009 only 16,046 (unduplicated) children received CPS services and 325 of those children were served in hospital/residential facilities, leaving nearly 34,000 children unserved or underserved.

2. CORE DESCRIPTION (Continued)

Youth Community Program services are paid through the following funding sources:

- Title XIX (MO HealthNet): Approximately sixty percent (60%) of the cost for certain approved services is provided by the federal government for MO HealthNet-eligible clients. The remaining forty percent (40%) is funded by state general revenue.
- State General Revenue (GR): GR is used to pay for services for indigent clients. The standard means test is used to determine what, if any, payment the client can make from Social Security, private insurance, or other personal resources.

Reverted includes Governor's standard 3 percent reserve (when applicable) and any extraordinary withholdings.

NOTES:

- (1) In FY 2008, the unexpended amount includes \$2,800,000 of Federal authority put in agency reserve. In addition, an "E" appropriation increase of \$110,300 was processed, raising the appropriation amount from \$47,309,994 to \$47,420,294.
- (2) The decrease in appropriation between FY 2008 and FY 2009 is due to the reduction of one-time funding for the Mental Health School Based Clinicians.
- (3) In FY 2010, the increase over FY 2009 is primarily due to the Caseload Growth and the Caseload Growth Cost to Continue new decision items.

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: Youth Community Programs-Community Treatment

Program is found in the following core budget(s): Youth Community Programs

1. What does this program do?

CPS Youth Community Providers serve priority populations including children and youth who are at risk of placement outside of their home (inpatient or residential) and /or are transitioning from a DMH/CPS supported placement out of their home.

This program serves children and youth who have a serious emotional disorder which is defined as having a psychiatric disorder that lasts six months or longer, interferes with functioning in two or more life domains, and requires services and supports from two or more public agencies; Children's Division, Juvenile Office, Special Education, Division of Youth Services.

This program provides community treatment and case management delivered through private not-for-profit community providers. Services are designed to maximize functioning and promote community and family integration using a comprehensive system of care approach. Community Treatment targets youth who are at risk of in-patient hospitalization or other out-of-home placement. Services are provided by qualified mental health professionals and other personnel within the state's 25 designated service areas. The Community Treatment Program provides an array of key services to children with serious emotional disturbances. This emphasizes child centered individual choices and needs, and flexible services and supports, using community resources and natural support systems. Promotion of independence and the pursuit of meaningful living, working, learning and leisure time activities in normal community settings is stressed in this treatment setting. Services include intake/annual evaluations, crisis intervention, case management, psychotherapy, respite, day treatment, community support, medication management and psychosocial rehabilitation. Contractual arrangements are made to purchase these community mental health services from local community mental health centers as defined in Sections 630.405 - 630.460 RSMo.

The consequence of not funding this request is that the condition of children with serious emotional disturbance will deteriorate, more costly and extensive interventions will be necessary, and families will be unnecessarily separated, frustrated, and angered by the lack of community-based services and general lack of responsiveness by DMH/CPS.

Program Name: Youth Community Programs-Community Treatment

Program is found in the following core budget(s): Youth Community Programs

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program #, if applicable.)

Sections 632.010.2(1), 632.050 and 632.055 RSMo

3. Are there federal matching requirements? If yes, please explain.

Community Psychiatric Rehabilitation and Targeted Case Management are Mo HealthNet services and require a 40% state match.

4. Is this a federally mandated program? If yes, please explain.

The Americans with Disabilities Act (Supreme Court Ruling in Olmstead vs. LC, 1999) requires states to identify institutional residents who could be in more integrated community settings. The federal block grant requires CPS to maintain a level of funding for community services. In addition, the block grant requires that a minimum of 10% of these funds be expended on children.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

Mental Health Local Tax Match Fund (MHLTMF), Mental Health Interagency Payment Fund (MHIPF)

1. What does this program do?

Consistent with Sections 630.405 - 630.460 RSMo, CPS provides a variety of housing alternatives through contracts with private contractors to meet diverse needs for youth who cannot live in their family home. Funds are used to provide a variety of residential settings.

CPS contracts with approximately 100 providers of residential services. This includes the following: Residential Treatment Services, Youth Treatment Family Homes; Youth Group Homes; Family-Focused Residential Services; Therapeutic Foster Homes; Family Assistance Services Natural Homes; and other miscellaneous settings.

The consequence of not funding this request is that the condition of children with serious emotional disturbance will deteriorate, more costly and extensive interventions will be necessary at a later date, and families will be unnecessarily separated, frustrated, and angered by the lack of community-based services and general lack of responsiveness by DMH/CPS.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 632.010.2(1), 632.050 and 632.055 RSMo

3. Are there federal matching requirements? If yes, please explain.

No.

The Lincoln County Resource Board for Children's Services is expanding its partnership with the Division of Comprehensive Psychiatric Services (CPS) to improve service outreach and points of access for Community Psychiatric Rehabilitation (CPR) and Targeted Case Management (TCM) services. CPR and TCM services are eligible for Medicaid reimbursement. A fixed annual contribution of \$50,000 from the Lincoln County Resource Board for Children's Services will be deposited to the Mental Health Local Tax Matching Fund to pay the state's share (36.59%) for these Medicaid reimbursable services. This will make it possible for the remaining 63.41% to be federally funded, for a total program expansion of \$136,649.

2. CORE DESCRIPTION

The purpose of this core item is to provide the authority for DMH to enter into inter-agency agreements with the Children's Division and Division of Youth Services to provide residential care and recovery for youths who require DMH services and have no other placement alternative. The Division of Youth Services (DYS) and the Children's Division are in need of treatment programs for children and adolescents in their care and custody who are experiencing psychiatric symptoms and disabilities. The primary clients are youth in need of residential mental health treatment which is generally not available in the community.

Children's residential programs at Hawthorn Children's Psychiatric Center and Cottonwood Residential Treatment Center will have the ability to establish interagency agreements with the Children's Division and DHS to provide residential care for non-MO HealthNet eligible adolescents in their custody experiencing psychiatric symptoms. These youth will be integrated into the facilities' treatment programs and receive educational services, counseling, recreational therapy, medication management, and discharge planning. The consequences of not funding this request are that the children and adolescents experiencing psychiatric symptoms and disabilities will not be able to receive treatment in a secure and appropriate setting. Such consequences make it more likely that the youth in need of services will be involved with the juvenile justice and social services systems.

2. CORE DESCRIPTION

This core item funds medication and medication related services for persons who could not otherwise afford it. Psychiatric medication is the primary treatment for severe mental illness. New medications are the most rapidly advancing area of technology in clinical treatment of mental health. The new medications have fewer side effects and are therefore much more acceptable to clients and more effective on treating psychosis.

Approximately half of the Division of Comprehensive Psychiatric Services (CPS) clients have their medication costs covered through MO HealthNet. For almost all CPS clients, the cost of medications is a major barrier to accessing medication services. Medication expenditures have continued to increase over the last several years, taking away funds intended for case management, psycho-social rehabilitation, therapy, etc.

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: CPS Medications

Program is found in the following core budget(s): CPS Medications

1. What does this program do?

This program increases treatment adherence and efficacy by providing medications that are more effective and have fewer side effects. Prior to implementation of this program, many CPS clients were prescribed an older, less appropriate medication due to cost considerations. These commonly had more side effects and were not as effective.

The Department's current data indicates a forty-seven percent (47%) decrease in overdose deaths due to the new generation of antidepressants. The Department has also seen a thirty-seven percent (37%) decrease in the use of medications to treat the side effects of early generation anti-psychotics.

Not funding this item will force CPS providers and facilities to either provide substandard care in medication service resulting in more fatal overdoses, medication side effects, symptoms of mental illness and hospitalization; or to reduce other services to pay for medication and medication services. Not funding this item will also result in a large number of patients being forced to choose between switching to an older less effective medication with more side effects or stopping medication completely. Some withdrawal reaction and hospitalizations will occur if older medications are utilized or if medications are stopped.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 632.010.2(1) and 632.055 RSMo

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

Consistent with Chapter 632.010, RSMo, the Division of Comprehensive Psychiatric Services (CPS) is responsible for ensuring that prevention, evaluation, treatment, and rehabilitation services are accessible to Missouri citizens requiring such services. This item funds the seven (7) adult inpatient hospitals operated by CPS. These hospitals provide intermediate/long-term and residential care to voluntary, civil involuntary, and forensic patients. The seven adult inpatient facilities are:

- Fulton State Hospital (including Sex Offender Rehab and Treatment Services)
- Northwest Missouri Psychiatric Rehabilitation Center
- St. Louis Psychiatric Rehabilitation Center
- Southeast Missouri Mental Health Center (including Sex Offender Rehab and Treatment Services)
- Metropolitan St. Louis Psychiatric Center
- Center for Behavioral Medicine (formerly Western MO Mental Health Center)
- Southwest Missouri Psychiatric Rehabilitation Center

3. PROGRAM LISTING (list programs included in this core funding)

Other	712,149	510,029	477,672	N/A
	(1)	(2)	(3)	

Reverted includes Governor's standard 3 percent reserve (when applicable) and any extraordinary withholdings.

NOTES:

(1) In FY 2008, the unexpended amount includes \$138,542 of Federal authority and \$684,522 of other funds authority put in agency reserve. In addition, a Motor Fuel supplemental decision item increased the FY 2008 appropriation from \$149,317,513 to \$149,444,085.

(2) In FY 2009, \$201,598 of Federal authority was core reduced due to the expiration of the Restraint & Seclusion Grant at Fulton State Hospital. In addition, the increase from FY 2008 to FY 2009 is primarily due to the state employee General Structure Adjustment of 3%, MSOTC Expansion and the PAB Approved Repositionings - CAT and Security Aide Elimination, Psychologist Retention, Psychiatrist Pay Increase.

(3) The difference between FY 2009 and FY 2010 is due to the closure of acute patient beds at Center for Behavioral Medicine (formerly Western MO Mental Health Center) and the closure of the Mid-MO MHC facility.

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: State Operated Adult Facilities

Program is found in the following core budget(s): Adult Inpatient Facilities

1. What does this program do?

State operated adult facilities provide long term inpatient hospitalization and psychiatric treatment for individuals. The facilities serve two basic populations. Services consist primarily of psychosocial rehabilitation and inpatient treatment for those individuals with severe and persistent mental illness. Patients present some danger to themselves or others and their illness cannot be effectively treated in a less restrictive environment.

The forensic program provides psychiatric evaluation, care and treatment for individuals ordered into the system by the circuit courts. These clients are mentally ill and/or individuals who have become involved with the criminal justice system. The forensic program requires not only the specialized knowledge and services needed for working with individuals with serious mental illness, but also specialized knowledge of the more structured procedural issues surrounding interaction with the judicial system. This highly specialized service provides the capability of evaluation and treatment in a secure environment.

CPS has a full range of secured treatment settings in order to more effectively treat forensic and non-forensic clients and to ensure public safety in accordance with Chapter 552 RSMo. CPS's only maximum security setting, the Biggs Forensic Center, and only intermediate security setting, the Guhleman Forensic Center, are both located at Fulton State Hospital. Minimum-security settings that provide security beyond that offered by locked wards have also been developed by CPS. These settings are provided through various applications of secured perimeters, including inside and outside containment, internal security systems, escort requirements and security staffing. In a less secure environment, when public safety is not an issue, services are provided with the desired goal of progressive movement from a highly structured living situation to a less structured living situation. In this manner, people are given the opportunity to move through a system specifically designed to provide them with an accompanying increased emphasis on demonstrated acceptable standards of behavior.

1. What does this program do? (Continued)

Over the next two years the Department of Mental Health (DMH) will change its state operated inpatient psychiatric system to reduce costs and improve long term care for individuals with serious mental illness. These goals will be accomplished by moving 120 patients currently in long term inpatient settings into community settings supported by new intensive community programs. DMH will close its remaining psychiatric emergency rooms and five acute units and move minimum security patients from Fulton State Hospital (FSH) to newer state hospital inpatient beds. Additionally, a high security satellite Sexual Offender Rehabilitation Treatment Services (SORTS) program will be created at Fulton State Hospital to accomodate growth of referrals from the Department of Corrections. A specialized inpatient unit at Kansas City's Center for Behavioral Medicine (CBM-formerly Western Missouri Mental Health Center) and two specialized units at St. Louis Metropolitan Psychiatric Center (MPC) will perform competency restoration for court committed individuals incarcerated as Incompetent to Stand Trial. These changes expand services at CBM and replace acute unit closures at St. Louis MPC.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 632.010.2 and 632.010.2(1) RSMo

3. Are there federal matching requirements? If yes, please explain.

Inpatient facilities provide GR match for Mo HealthNet eligible services through the certification of GR expenses, no additional match is required. Also, the cost associated with the operation of the CPS long-term care hospitals significantly impacts the reimbursement made by Medicaid under the federal disproportionate share hospital requirements.

4. Is this a federally mandated program? If yes, please explain.

No.

1. What does this program do?

The Sex Offender Rehab and Treatment Services (SORTS), formerly Missouri Sexual Offender Treatment Center, provides appropriate treatment and housing for those individuals adjudicated by the courts as sexually violent predators. With passage of the Sexually Violent Predator law, which was effective January 1, 1999, the Missouri General Assembly mandated that those individuals adjudicated by the court as "sexually violent predators" be committed indefinitely to the custody of the Director of the Department of Mental Health for "control, care and treatment until such time...that the person is safe to be at large". In order for such commitments to pass constitutional scrutiny, the Department must provide care and treatment that is consistent with existing professional standards and practice, and federal case law. The law also requires that individuals committed for treatment as sexually violent predators be kept in a secure facility and housed separately from Department of Corrections inmates and from other mental health clients who have not been found to be sexually violent predators.

The current SORTS program is operated within two CPS facilities, Southeast Missouri Mental Health Center and Fulton State Hospital. In FY2011, funds were allocated to open the new facility at Fulton State Hospital. The additional space at Fulton State Hospital, created by the FY2011-2012 Inpatient Redesign Initiative, avoids an estimated \$72 million capital improvement proposal to build a new facility at Southeast Missouri Mental Health Center.

The original SORTS (formerly known as the Missouri Sexual Offender Treatment Center -- MSOTC), is located on the campus of Southeast Missouri Mental Health Center in Farmington within a secure perimeter maintained by the Department of Corrections. In FY 2009 funds were reallocated to allow SORTS to contract with detention centers to house individuals who are awaiting trial to determine their commitment status. This will allow the growth of the committed population without requiring immediate expansion of facilities.

In addition to the housing and treatment of individuals committed under this statute, the Department provides a psychiatrist and a psychologist to participate in the Multidisciplinary Team to assist the Prosecutor's Review Committee in determining whether an individual may meet the definition of a sexually violent predator. Further, the Department is required to provide a psychiatrist or psychologist to evaluate each individual for whom the court finds probable cause to believe the person is a sexually violent predator. Finally, the Department must provide the committing court an annual report regarding the committed person's mental condition. Funding of this program allows departmental compliance with state mandate. Failure to fund this core item would result in non-compliance with Sections 632.480 – 632.513 RSMo.

The Sex Offender Rehab and Treatment Services program (formerly Missouri Sexual Offender Treatment Center) receives an average of 17 to 20 new offenders committed annually. In FY 2011, partial year funding was appropriated to open a new 17-bed treatment unit in approximately November 2010 at Farmington SORTS. However, as a part of the Inpatient Redesign approved budgetarily by the General Assembly and Governor, that unit will be opened at the new Fulton SORTS program. This new ward helps mitigate job loss at Fulton State Hospital and avoids a significant capital improvement project for the SORTS program at the Farmington campus (estimated at \$72 million). Additional funding is needed in FY 2012 to provide full-year funding to staff and operate this additional 25-bed unit at Fulton SORTS. Statutory authority is located in sections 632.480 through 632.513 RSMo.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Partial year (ten months) funding is being requested to open and operate one new 25 bed treatment unit in FY 2012 at Fulton SORTS. The CPS Inpatient Redesign initiative created new ward space at Fulton State Hospital, thereby allowing the FY 2011 expansion ward to be opened at Fulton State Hospital in November, 2010. However, due to over-census issues at the Farmington SORTS program and the projected growth of 17-20 commitments per year, the division is requesting ten months funding of the FY 2012 ward expansion at Fulton. The Inpatient Redesign initiative also avoids a significant capital improvement project to build a new facility for the treatment of sexual predators at the Farmington campus (estimated at \$72 million). The statutory authority for this request is found in sections 632.480 through 632.513 RSMo.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)																									
REQUEST: Staffing request (FTE) is based on staffing levels utilized in other states for similar programs and maximum security mental health facilities of comparable size. E&E request is based on FY 2012 budget guidelines for increased FTE. One-time E&E costs are based on FY 2012 budget guidelines. This request is for partial year funding in FY 2012 for some PS and EE costs.

2. CORE DESCRIPTION									
<p>This core item funds the division's operation of one free standing acute children's hospital (Hawthorn) and one free standing residential facility (Cottonwood). Children with Severe Emotional Disturbances (SED), and children and youth with acute psychiatric needs are the primary clients of these facilities. The 2009 estimated census population of youth under age eighteen (18) in Missouri is 1,437,019. Conservative estimates of prevalence (Center for Mental Health Services, HHS, 1997) indicate seven percent (7%) of all Missouri children, or 100,591 children, could experience SED. Estimates of any psychiatric illness with lesser functional impairment are even higher, from twelve percent (12%) to twenty-one percent (21%). Based upon a conservative presentation rate of fifty percent (50%) of children experiencing SED, some 50,296 children may need services from the public mental health authority. However, in FY 2010 only 16,000 children received CPS services and 325 of those children were served in hospital/residential facilities, leaving nearly 34,000 children unserved or underserved.</p> <p>In response to growing referrals from social service agencies and families, the children's facilities operated by CPS are treating children with more challenging, complex, and ingrained behaviors. Many of these children are dually diagnosed, requiring enhanced safety measures, staffing patterns and skills. The resources required to sufficiently meet the challenging demands of these children have been primarily funded through general revenue. The current state MO HealthNet Plan allows for the reimbursement of rehabilitative services for children requiring specialized residential services.</p>

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: State Operated Youth Facilities

Program is found in the following core budget(s): State Operated Youth Facilities

1. What does this program do?

State operated youth facilities provide treatment when a child is in crisis or is at serious risk of harming themselves or others, and cannot be managed in less restrictive settings. The treatment provides intensive intervention which can get the child stabilized and back in the community as soon as possible.

The Division operates two children's facilities; Hawthorn Children's Psychiatric Hospital and Cottonwood Residential Treatment Center.

A wide range of professional and paraprofessional interdisciplinary staff provide an array of treatment services including behavior modification, social services, therapeutic recreation, special education, art therapy, physical evaluation, and other consultations as needed. The goal is to promote, restore, and maintain the mental health of youth and allow their return to the community at their optimal level of functioning.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 632.010.1 and 632.010.2(1) RSMo.

3. Are there federal matching requirements? If yes, please explain.

Inpatient facilities provide GR match for Mo HealthNet eligible services through the certification of GR expenses - no additional match is required. Also, the cost associated with the operation of CPS long-term care hospitals significantly impacts the reimbursement made by Medicaid under the federal disproportionate share hospital requirements.

4. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION

The Division of Developmental Disabilities (DD) has the responsibility to ensure that prevention, evaluation, care, habilitation and rehabilitation services are accessible to Missouri citizens with developmental disabilities. In order to carry out its mission, the Division of DD provides services to persons with developmental disabilities through eleven regional offices and six habilitation centers. These seventeen facilities serve approximately 30,000 consumers and employ nearly 3,600 individuals who need administrative and technical support from the Division of DD. This core provides funding for personal services and expense and equipment for administrative staff who are essential in overseeing all statewide programs through establishing policies, procedures, and providing support to the Division's facilities and contract providers.

1. What does this program do?

The Division of Developmental Disabilities (DD) has the responsibility to ensure that prevention, evaluation, care, habilitation, and rehabilitation services are accessible to Missouri citizens with developmental disabilities. In order to carry out its mission, the Division of DD provides services to persons with developmental disabilities through eleven regional offices (located at Albany, Columbia, Hannibal, Joplin, Kansas City, Kirksville, Poplar Bluff, Rolla, Sikeston, Springfield, and St. Louis) and six habilitation centers (Bellefontaine Habilitation Center, Higginsville Habilitation Center, Marshall Habilitation Center, Nevada Habilitation Center, St. Louis Developmental Disabilities Treatment Center and Southeast Missouri Residential Services). These seventeen facilities serve approximately 30,000 consumers and employ nearly 3,600 individuals who need administrative and technical support from the Division of DD. This core provides funding for personal services and expense and equipment for administrative staff who are essential in overseeing all statewide programs through establishing policies, procedures, and providing support to the Division's facilities and contract providers.

The Division of Developmental Disabilities Central Office has seven sections: Director's Office, Administrative Services, Federal Programs, Quality Enhancement, Systems Transformation Grant, Office of Autism Services, and Licensure and Certification.

- The Director's Office directs all aspects of Division administration, including supervision of Central Office and field staff.
- The Administrative Services Section has primary responsibility for preparing the Division budget, allocating and monitoring facility funds, preparing fiscal notes, negotiating rate increases, projecting and monitoring federal collections, setting statewide financial policies and all other fiscal operations.
- The Federal Programs Section oversees the operation of all Division federal programs. The Federal Programs unit develop and monitor the Home and Community Based Waiver, Community Support Waiver, Autism Waiver, Sarah Jian Lopez Waiver, Partnership for Hope Waiver, and all other MO HealthNet programs. This section has the responsibility for making sure the Division is in compliance with federal guidelines in an effort to safeguard funding for supports and services of consumers served by the Division.
- The Quality Enhancement Section is responsible for developing and implementing a formal process, structure and format for policy promulgation within the Division of DD. In addition, this section oversees all training aspects for staff of the Division. This section also oversees the development and implementation of a continuous cycle of integrated quality assurance and improvement functions. The functions are designed to assess the service delivery process, improve service outcomes, and enhance the quality of life for individuals with developmental disabilities.
- The Systems Transformation Grant initiative is a five-year grant from the Department of Health and Human Services, Centers for Medicare and Medicaid Services. The grant is aimed at supporting people with developmental disabilities to live in their communities through maximized independence, dignity, choice, and flexibility. The grant also seeks to reform specific components of the Missouri long-term support service delivery infrastructure that are significant barriers to achieving this goal. Grant funding will end in FY 2011.

1. What does this program do? (Continued)

- The Office of Autism Services was created by the legislature to enhance the Division of DD's efforts to meet the needs of individuals with Autism Spectrum Disorders (ASD) and their families. The Office of Autism Services works to implement the Blue Ribbon Panel's recommendations and contemporary best practice in meeting the needs of individuals with ASD and their families. The Office also is staff for the Missouri Autism Commission on Spectrum Disorders.
- The Licensure and Certification Section provides quality oversight to Department of Mental Health agencies, both public and private, in the State of Missouri. This oversight is carried out in order to license or certify these facilities or programs that offer services to consumers of the Department. The monitoring ensures that providers maintain compliance with applicable state standards and remain consistent with the Department of Mental Health's vision, principles of practice, and values.

The Division entered into 853 contracts in FY 2011. Through these contracts, the Division purchases residential services and non-residential support services.

2. CORE DESCRIPTION

The Department conducted a review of direct care staffing ratios and the amount of professional staff available at all habilitation centers. The review recommended significant increases in direct care staff and professional staff resources to effectively support the needs of current consumers at the habilitation centers. As a result, a pool of resources for direct care and professional staff was appropriated during the FY 2007 budget process. These direct care staff are necessary to meet the health and safety needs of complex care consumers living at the habilitation centers that require one-on-one and sometimes two-on-one staffing due to increased inappropriate behaviors. The professional staff are needed to help address specific treatment issues such as occupational therapy, speech therapy and physical therapy that are necessary to ensure active treatment is provided to comply with ICF/MR standards. These funds support additional direct care staff and professional staff resources and are necessary to provide the appropriate level of care required to meet the needs of the current habilitation center consumers. In addition, in FY 2010 budget, adjustments were made to the Staffing Standards Pool house bill section to accommodate the additional Federal authority at Marshall Habilitation Center and St. Louis Developmental Disabilities Treatment Center. Staffing Standards Pool resources are appropriated to DD's central office and will be allocated to the various habilitation centers based on need.

1. What does this program do?

As a part of the services system for persons with disabilities, the Division of Developmental Disabilities (DD) operates six habilitation centers (Bellefontaine, Higginsville, Marshall, Nevada, St. Louis Developmental Disabilities Treatment Center, and Southeast Missouri Residential Services) which provide Intermediate Care Facility for the Mentally Retarded (ICF/MR) level of care in a structured environment for 695 consumers on their campuses. The primary mission of these six facilities is to provide active treatment and habilitation in an ICF/MR residential setting. This often demands intensive seven-days-a-week active treatment under close professional supervision in an environment conducive to each individual's development. In addition, the Division operates MO HealthNet Waiver ISL's (Individualized Supported Living) and group homes to support approximately 147 persons. State-operated ISLs and group homes can serve as transition placement to contract operated ISL's and group homes. Federal ICF/MR collections generated annually by the habilitation centers is over \$60 million.

Consumers served by the habilitation centers are diagnosed with developmental disabilities ranging from mild to severe, with the majority being in the severe/profound range. To be eligible for habilitation center ICF/MR services or MO Health Net Waiver services, an individual must meet the Division's definition of having a developmental disability as set forth in 630.005 RSMo, and meet Division criteria of requiring placement in a habilitation center or community residential services. Habilitation Centers and MO HealthNet Waiver services also serve individuals who are medically fragile and require constant medical oversight to address their complex medical needs.

The combined population of the six habilitation centers as of July 2010 was 695 on campus, and off campus MO HealthNet Waiver ISL's and group home services are provided for 147 individuals. Habilitation center inpatient facilities are certified under Title XIX Intermediate Care Facilities for the Mentally Retarded (ICF/MR) MO HealthNet program to receive 64% federal reimbursement of costs for eligible residents. In addition, costs for those clients living off-campus in their communities are also eligible for 64% federal reimbursement under the DD waiver program. In recent years, more forensic and dual-diagnosed consumers have been placed in habilitation centers by court orders or through emergency placement by the Division. These consumers may not be eligible for ICF/MR federal reimbursement and may reduce the amount of collections deposited to General Revenue.

In FY 2007, funds were appropriated through the Staffing Standards Pool for additional direct care and professional staff to ensure that health and safety needs of complex care consumers receiving state operated services are being met. The additional direct care staff are required to meet the health and safety needs of complex care consumers living at the habilitation centers or in the community that require one-on-one and sometimes two-on-one staffing due to behavioral issues. The additional professional staff are needed to help address specific treatment issues such as occupational therapy, speech therapy, and physical therapy necessary to ensure active treatment is provided to comply with ICF/MR and MO HealthNet Waiver standards.

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: DD Staffing Standards Pool

Program is found in the following core budget(s): State Operated Services, DD Staffing Standards Pool

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 633.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No. The habilitation center ICF/MR services are a MO HealthNet service that Missouri has included in its MO HealthNet program.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Notes: In FY 2010, GR was reduced and Federal funding was increased at Marshall Habilitation Center and St. Louis Developmental Disabilities Treatment Center to realign funds to reflect earnings being returned to the Federal fund rather than General Revenue. In FY 2010, the source of the "other" funds is one-time Federal Stabilization Funding.

6. What are the sources of the "Other " funds?

Federal Budget Stabilization Fund in FY 2010 only.

2. CORE DESCRIPTION

The primary mission of the Division of Developmental Disabilities (DD) community programs is to provide the supports necessary to enable persons with developmental disabilities to remain connected to their parents, families, school, and community. The Division of DD operates a community-based service delivery system through its eleven regional offices for persons with developmental disabilities. The regional offices utilize core funding to contract with community providers who provide in-home supports, residential services, autism supports, and other specialized services to individuals who are able to choose their own service provider. The support services allow individuals to live in their community and stay connected with their family and live in their least restrictive environment. In addition, this core contains some personal services funds, as well as expense and equipment funds, which are used to support staff who are responsible for oversight of community programs funding. Regional office case management staff have been reallocated to Community Support Staff section.

NOTES:

- (1) "Other" includes the Mental Health Trust Fund (MHTF) appropriation which is an "estimated" appropriation used for SB40 Board deposits. In FY 2008, the appropriation was increased by \$778,536 and in FY 2009 by \$2,409,469.
- (2) Federal appropriation 6680 is an "estimated" appropriation which is used for the Federal MO HealthNet portion of match payments. In FY 2008, this appropriation was increased by \$15,166,380; in FY 2009 by \$29,748,117; and in FY 2010 by \$31,690,531.
- (3) Lapse amounts for Federal and Other funds occurred as a result of lower collections to support funding authority.
- (4) In FY 2008, new funding in the amount of \$45.9 million (all funds) was received. This included \$19 million GR funds, with the majority of the funding appropriated to address DD waiting lists, costs of consumers transitioning from the habilitation centers, provider rate increase and autism funding.
- (5) In FY 2009, new funding in the amount of \$23.6 million (all funds) was received. This included \$9 million GR funds, with the majority of the funding for provider rate increase and autism funding.
- (6) In FY 2010, new funding in the amount of \$47.2 million (all funds) was received. This included \$18 million GR funds, with the majority of the funding appropriated to address DD waiting lists, transition of young adults from school, and replacement funds for Habilitation Centers due to lost Upper Payment Limit collections and Provider Tax earnings as a result of ICF/MR conversion at Marshall Habilitation Center and St. Louis Developmental Disabilities Treatment Center.

1. What does this program do?

There is a need for the Division of Developmental Disabilities (DD) to provide on-going supports to individuals and their families to enable persons with developmental disabilities to live in their communities with the supports their conditions and circumstances require. The Division of DD operates a community-based service delivery system through its eleven regional centers. The Division's community programs funding provides an array of community supports and services, including in-home supports, to families who choose to have their sons and daughters cared for in their own homes, thus enabling them to fully be included in all aspects of home, school, and community life.

Traditional in-home support services are provided for individuals who reside in their own home or with their own family, but who do not receive residential services. This program allows families who have made a personal and financial commitment to care for their children and adults in their homes to be supported in their care-giving and decision-making roles.

In-home supports are directed toward the following: preserving the natural family structure, access of generic supports available at the local level, giving families a choice in selecting support services which meet their needs, allowing consumers and families to participate in as many life experiences as possible, and giving consumers an opportunity to choose their own service providers. In addition, elderly and chronically ill parents will know their child with developmental disabilities will have supports to meet their future needs.

The community programs funding includes state match and Federal authority to draw down funds for MO HealthNet programs, such as DD Home and Community-Based Waiver, the Community Support Waiver, Autism Waiver, the Sarah Jian Lopez Waiver, Partnership for Hope Waiver, and for community Intermediate Care Facilities for the Mentally Retarded (ICF/MR).

- The Home and Community-Based Waiver for persons with developmental disabilities, which began in fiscal year 1989, is the primary source of funding for people who live in the community. The Division uses General Revenue (GR) funds to match federal funds to pay for residential and support services through MO HealthNet. The waiver includes people who live in group homes, supported living, and with their families.
- Similarly, the Community Support Waiver is a new MO HealthNet Waiver, which began in July 2003, for persons who have a place to live in the community, usually with family. However, the family is unable to provide all of the other services and supports the person requires which may include 24-hour care or supervision, 7 days a week. The total cost of waiver services required to meet the person's needs must not exceed \$22,000 annually. The person must meet ICF/MR level of care and must be at risk of entering an ICF/MR if services are not provided.

Program is found in the following core budget(s): DD Community Programs

1. What does this program do? (continued)

- The Autism Waiver was approved July 1, 2009 and serves 150 individuals.
- The Sarah Jian Lopez Waiver is a MO HealthNet model waiver operated by the Division. MO HealthNet guidelines require parental income and resources to be considered in determining the child's financial eligibility for MO HealthNet when the child lives in the home with the parents. This requirement, called deeming parental income to the child, is waived for children who participate in the Sarah Jian Lopez waiver. As a result, only income and resources that are specific to the child are considered when determining financial eligibility for this waiver.
- The Partnership for Hope Waiver is a new county-based waiver approved by the Centers of Medicare and Medicaid Services in October 2010. State share costs are shared 50/50 with local county boards. The total cost of waiver services per individual cannot exceed \$12,000 annually.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 633 (support services defined in Sections 630.405 through 630.460)

3. Are there federal matching requirements? If yes, please explain.

The Division provides 36% of the cost of services that it provides to eligible consumers.

4. Is this a federally mandated program? If yes, please explain.

No. However, the Division agrees to certain mandated terms as part of the MO HealthNet Waiver.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: In excess of \$30,000,000 in increased authority was granted for appropriations with an "E" (estimated) status in FY 2010.

1. What does this program do?

There is a need for the Division of Developmental Disabilities (DD) to provide on-going supports to individuals and their families to enable persons with developmental disabilities to live in their communities with the supports their conditions and circumstances require. The Division of DD operates a community-based service delivery system through its eleven regional offices. The Division's community programs funding provides an array of community supports and services, including community residential services, to families who choose to have their sons and daughters cared for in an appropriate residential option, which enables them to be fully included in all aspects of the surrounding community life.

Residential services provided by the Division includes programs for individuals living in congregate or individualized settings such as group homes, residential centers, apartments, individualized supported living, or family living arrangements.

The community programs funding includes state match and Federal authority to draw down funds for MO HealthNet programs to purchase residential and other services through the DD Home and Community-Based waiver, and for community Intermediate Care Facilities for the Mentally Retarded (ICF/MR). The Home and Community-Based Waiver for persons with developmental disabilities, which began in fiscal year 1989, is the primary source of funding for people who live in the community. In fact, the majority of individuals to whom the Division provides residential services are MO HealthNet eligible. The waiver includes people who live in group homes, supported living, and with their families.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 633 (traditional residential defined in Sections 630.605 through 630.660 and 633.110)

3. Are there federal matching requirements? If yes, please explain.

The Division provides 36% of the cost of services that it provides to eligible consumers.

4. Is this a federally mandated program? If yes, please explain.

No. However, the Division agrees to certain mandated terms as part of the MO HealthNet Waiver.

1. What does this program do?

The Division of Developmental Disabilities (DD) assures that every consumer eligible for Division services is assigned a service coordinator who is responsible for that person's service plan. The service coordinator works with the consumer's family, interested parties and staff at the regional office to develop a person-centered plan with services based on goals and needs for that consumer. Once the plan is agreed upon and put in place, the service coordinator is responsible for arranging those services and monitoring their delivery. The service coordinator is the contact person for the regional office for questions and concerns from family members, physicians and providers. They also coordinate necessary paperwork and applications required of the family or guardian. DD regional offices employ 337 service coordinators and an additional 38 service coordination supervisors. In FY 2011, there are 61 counties with a Senate Bill 40 board or not for profit entity that have been approved to provide service coordination on behalf of the Division. A consumer with a local service coordinator is not assigned one from the Division, thus increasing the capacity for service coordination in those regions and reducing caseloads.

An effective, well trained service coordinator is the crucial link between the consumer and family and the Division's service delivery system. Working through service contract details, MO HealthNet changes, authorizations, ISL budgets and other paperwork, the service coordinator ensures that services are available and delivered to the satisfaction of the consumer or family, and in accordance with department guidelines and regulations.

The Division receives 64% reimbursement on Medicaid eligible consumers from MO HealthNet through the Targeted Case Management program. Counties that provide service coordination are also able to bill and obtain reimbursement from MO HealthNet through agreements with DD.

Funding and FTEs from regional offices was redirected in FY 2009 to the DD Community Support Staff section. This section includes funding for all Case Manager I, II and III, Case Management Assessment Supervisors and Quality Assurance positions. The funding is allocated to the appropriate regional office to address caseloads. Community Support Staff will continue to provide service coordination services and oversee the service delivery system.

3. Are there federal matching requirements? If yes, please explain.

DD is reimbursed 64% of the cost of service coordination to eligible consumers. MO HealthNet requires that the regional centers and SB40 boards cover the 36% share with state funds.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Notes: FY 2008 and FY 2009 reflect funding to support service coordination provided by SB40 boards. Also, revenue projections have been lowered for FY 2009 due to increased privatization of service coordination.

6. What are the sources of the "Other " funds?

In FY 2008 through FY 2011, "other" funds include Mental Health Local Tax Match Fund (0930) to support service coordination provided by SB40 boards.

1. What does this program do?

There is a need for the Division of Developmental Disabilities (DD) to provide on-going supports to individuals and their families to enable persons with developmental disabilities to live in their communities with the supports their conditions and circumstances require. The Division of DD operates a community-based service delivery system through its eleven regional centers. The Division's community programs funding provides a wide array of community services, including autism supports and services, to families who choose to care for their sons and daughters with developmental disabilities in their homes or in an appropriate residential option and to fully include them in all aspects of home, school, and community life.

Autism is a lifelong developmental disability that typically appears during the first three years of life. Autism and autistic-like symptoms are the results of a neurological disorder that affects brain functioning which interferes with communication, learning, behavior and social development. Classified as a syndrome, autism is a collection of behavioral symptoms that may have more than one cause.

Autism is the second most common developmental disability. The National Institutes of Health (2004) and the Centers for Disease Control and Prevention (2001) report that the prevalence of autism and autism spectrum disorders is estimated to occur in as many as 1 in 150 individuals. This equates to over 33,706 persons in Missouri.

The Division of DD established the Missouri Autism Project in 1991 as a pilot in Central Missouri. Impetus for the program came from families of children who have autism and who live in rural areas and lacked access to support services. Working with Department of Mental Health, those families designed a system in which providers chosen by an advisory committee comprised of family members of individuals who have autism deliver support services in homes.

Since 1991, similar consumer-driven autism projects have been developed throughout the state. In FY 2010, approximately 3,000 individuals received supports through Missouri's Autism Projects.

There are over 7,365 individuals with an autism diagnosis who are enrolled with the Division of DD. In total, approximately \$66 million is being spent on supports for consumers with an autism diagnosis.

1. What does this program do? (Continued)

In FY 2008, additional funds were appropriated to address diagnostic waiting lists at three hospitals (Cardinal Glennon, Children's Mercy, and University of Missouri, which are referred to as Missouri's Autism Centers of Excellence) and to fund an intensive treatment pilot program in Joplin. Funding was also added to the existing five Missouri Autism Projects (MAP) to address waiting lists. In FY 2009, additional funds were appropriated to address diagnostic wait lists and services at the Southeast Missouri State Diagnostic and Treatment Center. Funds were also appropriated for the on-going day treatment program in Joplin, and a similar program in Springfield. Finally, funds were appropriated in FY 2009 for expansion of the Mid-Missouri Autism Rapid Response Initiative, a program designed to provide families with timely, core, credible information when their child is diagnosed with autism.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Note: The Division received a new decision item for autism services in FY 2008 for \$3.9 Million, and new funds in the amount of \$4.7 Million in FY 2009. The new funds in FY 2009 includes \$1.1M appropriated to Community Programs house bill section for autism waiver services. Also, the \$1M GR reduction in FY 2010 was replaced by Federal funding through the newly approved Autism Waiver.

1. What does this program do?

The Division of Developmental Disabilities (DD) assures that every consumer eligible for Division services is assigned a service coordinator who is responsible for that person's service plan. The service coordinator works with the consumer's family, interested parties and staff at the regional office to develop a person-centered plan with services based on goals and needs for that consumer. Once the plan is agreed upon and put in place, the service coordinator is responsible for arranging those services and monitoring their delivery. The service coordinator is the contact person for the regional office for questions and concerns from family members, physicians and providers. They also coordinate necessary paperwork and applications required of the family or guardian. DD regional offices employ 337 service coordinators and an additional 38 service coordination supervisors. In FY 2011, there are 61 counties with a Senate Bill 40 board or not for profit entity that have been approved to provide service coordination on behalf of the Division. A consumer with a local service coordinator is not assigned one from the Division, thus increasing the capacity for service coordination in those regions and reducing caseloads.

An effective, well trained service coordinator is the crucial link between the consumer and family and the Division's service delivery system. Working through service contract details, MO HealthNet changes, authorizations, ISL budgets and other paperwork, the service coordinator ensures that services are available and delivered to the satisfaction of the consumer or family, and in accordance with department guidelines and regulations.

The Division receives 64% reimbursement on Medicaid eligible consumers from MO HealthNet through the Targeted Case Management program. Counties that provide service coordination are also able to bill and obtain reimbursement from MO HealthNet through agreements with DD.

Funding and FTEs from regional offices was redirected in FY 2009 to the DD Community Support Staff section. This section includes funding for all Case Manager I, II and III, Case Management Assessment Supervisors and Quality Assurance positions. The funding is allocated to the appropriate regional office to address caseloads. Community Support Staff will continue to provide service coordination services and oversee the service delivery system.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 633.100 through 633.160

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: DD Targeted Case Management

Program is found in the following core budget(s): Community Programs, Community Support Staff

3. Are there federal matching requirements? If yes, please explain.

DD is reimbursed 64% of the cost of service coordination to eligible consumers. MO HealthNet requires that the regional centers and SB40 boards cover the 36% share with state funds.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Notes: FY 2008 and FY 2009 reflect funding to support service coordination provided by SB40 boards. Also, revenue projections have been lowered for FY 2009 due to increased privatization of service coordination.

6. What are the sources of the "Other " funds?

In FY 2008 through FY 2011, "other" funds include Mental Health Local Tax Match Fund (0930) to support service coordination provided by SB40 boards.

1. What does this program do?

The Missouri Planning Council for Developmental Disabilities (MPC) is a federally funded, 23-member, consumer-driven council appointed by the Governor. It is funded through Federal Legislation, PL 106-402. Its mandate is to plan, advocate, and give advice concerning programs and services for persons with developmental disabilities that will increase their opportunities for independence, productivity, and integration into communities. The Council's Mission is: "To assist the community to include all people with developmental disabilities in every aspect of life."

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

PL 106-402, the Developmental Disabilities and Bill of Rights Act

3. Are there federal matching requirements? If yes, please explain.

The state is required to provide a one-third in-kind match for the MPC's federal funding. This is generally addressed through rent, utilities, administrative services, etc.

4. Is this a federally mandated program? If yes, please explain.

Yes, Federal Law 106-402 has placed DD Councils in all 50 states and the US Territories.

Note: FY 2010 actual data is not yet available.

- By September 30, 2011, twenty-five individuals with developmental disabilities will experience a decrease in guardianship status and an increase in the utilization of other options accorded by guardianship laws.

Notes: FY 2010 actual data is not yet available.

PROGRAM DESCRIPTION

Department: Mental Health
Program Name: Developmental Disabilities Act
Program is found in the following core budget(s): Developmental Disabilities Act

7b. Provide an efficiency measure.

N/A

7c. Provide the number of clients/individuals served, if applicable.

The Developmental Disabilities Act does not allow its funds to be spent for direct services except through innovative programs that lead to system change.

7d. Provide a customer satisfaction measure, if available.

The following satisfaction survey results are based on responses received by the Missouri Planning Council on the survey required by the federal program guidelines of the Council's activities and programs. The survey question reads, "I am satisfied with this project":

Note: FY 2010 actual data is not yet available.

2. CORE DESCRIPTION

The Division of Developmental Disabilities (DD) worked with the MO HealthNet Division to implement a new Federal funding stream authorized in Senate Bill 1081 which was signed into law on June 25, 2008. The legislation allows the state to implement a provider tax on all Intermediate Care Facilities for the Mentally Retarded (ICF/MR). The legislation allows the state to impose a 5.49% provider tax on operating revenues of both private and state operated ICF/MR facilities. The Division of DD projects the ICF/MR provider tax on state operated facilities will generate in excess of \$2.7 million annually.

This core item is an appropriated transfer section which allows for the payment of \$443,483 from General Revenue to the ICF/MR Reimbursement Allowance Fund. This transfer is necessary to draw down FFP related to the private ICF/MR provider tax of 5.49%. This transfer of \$443,483 allows for General Revenue to be reimbursed for the private ICF/MR provider tax. This core GR to ICF/MR Transfer Section has an "E".

The Division of DD projects the ICF/MR provider tax on state operated facilities will generate in excess of \$2.7 million annually.

This core item is an appropriated transfer section to transfer \$4,798,625 from the ICF/MR Reimbursement Allowance Fund to General Revenue. This core also allows for the transfer of \$2,743,740 from the ICF/MR Reimbursement Allowance Fund to DMH Federal Funds to allow for the use of Federal funds generated by the state operated ICF/MRs to support the Federal authority and FTEs redirected from the Regional Offices in FY 2009 to Community Support Staff. This core DD ICF/MR Reimbursement Allowance to GR Transfer Section has an "E".

2. CORE DESCRIPTION

This item requests funding for Division of Developmental Disabilities (DD) regional offices, which are the service entry points for all persons with developmental disabilities in the state. Client access to the DMH system is facilitated through these regional offices. There are eleven regional offices around the state, located in Albany, Kansas City, Kirksville, Hannibal, Joplin, Springfield, Poplar Bluff, Sikeston, Rolla, St. Louis and Columbia. These offices are supported by numerous satellite locations. Each office, which services anywhere from three to fifteen counties, provides case management services, develops new service providers, establishes contracts for services, develops consumer service plans, and oversees the service delivery system.

Funding and FTEs from regional offices for all Case Manager I, II and III, Case Management Assessment Supervisors and Quality Assurance positions were redirected in FY 2009 to the DD Community Support Staff section. The Community Support Staff funding will be allocated to the appropriate regional office to address caseloads. Community Support Staff will continue to provide case management services and oversee the service delivery system.

NOTES:

- (1) Federal lapse occurred in FY 2008 as a result of lower Federal collections to support funding authority.
- (2) FY 2008 budget increased by \$77,798 for Motor Fuel Supplemental.
- (3) FY 2009 budget decreased due to funding and FTEs from regional offices for all Case Manager I, II and III, Case Management Assessment Supervisors and Quality Assurance positions being redirected to the DD Community Support Staff section.

PROGRAM DESCRIPTION

Department: Mental Health				
Program Name: DD Regional Offices				
Program is found in the following core budget(s): DD Regional Offices, Community Support Staff

1. What does this program do?

The Division of Developmental Disabilities (DD) is required to identify, assess, determine eligibility, and enroll individuals with developmental disabilities who present to the DD system. This must be accomplished by knowledgeable professionals in a timely and efficient manner. As a result, DD regional offices were established to act as the service entry points for all persons with developmental disabilities in the state. There are eleven (11) regional offices around the state, which are supported by numerous satellite locations. Each regional office services three to fifteen counties.

The regional offices perform intake activities, which help to determine if the individual is eligible for services. This initial eligibility determination must be completed within thirty days of the application of service. After an individual is found eligible, a case manager is assigned to the individual (see Case Management Program Description). The regional office then, in partnership with the individual and family, works to identify the services or supports which are needed. These services and supports are documented in a person-centered plan. The plan describes what is needed, how the service/support will be obtained and delivered, and the method by which the effectiveness of the service or support will be measured. When developing and implementing individual plans, the regional office staff strives to meet individual's needs in the least restrictive environment possible, typically in or near the individual's home.

Regional offices also develop and support the contract providers who deliver the majority of services in an individual's plan. The office must continually develop new contracts, train providers, and monitor the services provided. Regional offices pre-authorize all services purchased, and are the entry point for all services billed to DD.

Regional offices are located at Albany, Columbia, Hannibal, Joplin, Kansas City, Kirksville, Poplar Bluff, Rolla, Sikeston, Springfield, and St. Louis.

Funding and FTEs from regional offices was redirected in FY 2009 to the DD Community Support Staff section. This section includes funding for all Case Manager I, II and III, Case Management Assessment Supervisors and Quality Assurance positions. The funding is allocated to the appropriate regional office to address caseloads. Community Support Staff will continue to provide service coordination services and oversee the service delivery system.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 633.100 through 633.160

PROGRAM DESCRIPTION

Department: Mental Health

Program Name: DD Regional Offices

Program is found in the following core budget(s): DD Regional Offices, Community Support Staff

3. Are there federal matching requirements? If yes, please explain.

DD is reimbursed 64% of the cost of case management to MO HealthNet eligible consumers. MO HealthNet requires that the regional offices cover the 36% share with state funds.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: In FY 2009, as a result of restructuring within the Division of DD, the FTE for some Case Managers which became vacant were redirected to be utilized for Quality Assurance positions. This redirect occurred in the FY 2009 budget, therefore FY 2009 and FY 2010 expenditures, as well as FY 2011 projections, include funding for Quality Assurance positions.

6. What are the sources of the "Other " funds?

Federal Budget Stabilization Fund in FY 2010 only.

2. CORE DESCRIPTION

The Division of Developmental Disabilities (DD) operates six habilitation centers providing Intermediate Care Facility for the Mentally Retarded (ICF/MR) services. As a part of the services system for persons with disabilities, the habilitation centers (Bellefontaine, Higginsville, Marshall, Nevada, St. Louis Developmental Disabilities Treatment Center and Southeast Missouri Residential Services) continue to provide ICF/MR level of care in a structured environment for 695 consumers on their campuses. The primary mission of these facilities is to provide active treatment and habilitation in an ICF/MR residential setting. This often demands intensive seven-days-a-week active treatment under close professional supervision in an environment conducive to each individual's development. The Division operates MO HealthNet Waiver ISL's (Individualized Supported Living) and group homes to support approximately 147 persons. State-operated ISL's and group homes can serve as transition placement to contract operated ISL's and group homes. Federal ICF/MR collections generated annually by the habilitation centers in FY 2009 was over \$65 million.

	(1-4)	(1) & (4)	(1) & (5)	

Reverted includes Governor's standard 3 percent reserve (when applicable) and any extraordinary withholdings.

NOTES:

- (1) Federal lapse amounts occur as a result of lower Federal collections to support funding authority.
- (2) FY 2008 lapse amount includes \$500,000 in agency reserve as a result of no Federal collections to support funding authority.
- (3) FY 2008 includes funding in the amount of \$60,993 for Motor Fuel Supplemental.
- (4) Overtime supplemental funding for Hab Centers was received in FY 2008 and FY 2009, however, such funding was added to the Departmentwide Overtime appropriation and is not reflected in this core form.
- (5) FY 2010 lapse amount includes \$540,000 in agency reserve as a result of no Federal collections to support funding authority.

PROGRAM DESCRIPTION

Department: Mental Health				
Program Name: State Operated Services				
Program is found in the following core budget(s): State Operated Services, DD Staffing Standards Pool

1. What does this program do?

As a part of the services system for persons with disabilities, the Division of Developmental Disabilities (DD) operates six habilitation centers (Bellefontaine, Higginsville, Marshall, Nevada, St. Louis Developmental Disabilities Treatment Center, and Southeast Missouri Residential Services) which provide Intermediate Care Facility for the Mentally Retarded (ICF/MR) level of care in a structured environment for 695 consumers on their campuses. The primary mission of these six facilities is to provide active treatment and habilitation in an ICF/MR residential setting. This often demands intensive seven-days-a-week active treatment under close professional supervision in an environment conducive to each individual's development. In addition, the Division operates MO HealthNet Waiver ISL's (Individualized Supported Living) and group homes to support approximately 147 persons. State-operated ISL's and group homes can serve as transition placement to contract operated ISL's and group homes. Federal ICF/MR collections generated annually by the habilitation centers is over \$60 million.

Consumers served by the habilitation centers are diagnosed with developmental disabilities ranging from mild to severe, with the majority being in the severe/profound range. To be eligible for habilitation center ICF/MR services or MO Health Net Waiver services, an individual must meet the Division's definition of having a developmental disability as set forth in 630.005 RSMo, and meet Division criteria of requiring placement in a habilitation center or community residential services. Habilitation Centers and MO HealthNet Waiver services also serve individuals who are medically fragile and require constant medical oversight to address their complex medical needs.

The combined population of the six habilitation centers as of July 2010 was 695 on campus, and off campus MO HealthNet Waiver ISL's and group home services are provided for 147 individuals. Habilitation center inpatient facilities are certified under Title XIX Intermediate Care Facilities for the Mentally Retarded (ICF/MR) MO HealthNet program to receive 64% federal reimbursement of costs for eligible residents. In addition, costs for those clients living off-campus in their communities are also eligible for 64% federal reimbursement under the DD waiver program. In recent years, more forensic and dual-diagnosed consumers have been placed in habilitation centers by court orders or through emergency placement by the Division. These consumers may not be eligible for ICF/MR federal reimbursement and may reduce the amount of collections deposited to General Revenue.

In FY 2007, funds were appropriated through the Staffing Standards Pool for additional direct care and professional staff to ensure that health and safety needs of complex care consumers receiving state operated services are being met. The additional direct care staff are required to meet the health and safety needs of complex care consumers living at the habilitation centers or in the community that require one on one and sometimes two on one staffing due to behavioral issues. The additional professional staff are needed to help address specific treatment issues such as occupational therapy, speech therapy, and physical therapy necessary to ensure active treatment is provided to comply with ICF/MR and MO HealthNet Waiver standards.

PROGRAM DESCRIPTION

Department: Mental Health
Program Name: State Operated Services
Program is found in the following core budget(s): State Operated Services, DD Staffing Standards Pool

1. What does this program do? (continued)

The Division will continue to use the flexibility in habilitation center budgets to purchase appropriate community services for consumers transitioning into the community.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 633

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No. The habilitation center ICF/MR services and MO HealthNet services are services that Missouri has included in its MO HealthNet program.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Notes: In FY 2010, GR was reduced and Federal funding was increased at Marshall Habilitation Center and St. Louis Developmental Disabilities Treatment Center to realign funds to reflect earnings being returned to the Federal fund rather than General Revenue. In FY 2010, the source of the "other" funds is one-time Federal Stabilization Funding.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Division of Developmental Disabilities (DD) operates six habilitation centers providing intermediate care facility for the mentally retarded (ICF/MR) services to over 600 individuals. Previously, the Division of DD has billed and received Federal ICF/MR reimbursements and deposited the Federal funds into state General Revenue. In FY 2011, Marshall Habilitation Center and St. Louis Developmental Disabilities Treatment Center reduced General Revenue and requested Federal Authority to use Federal earnings to operate the facilities. In FY 2012, General Revenue is being reduced and Federal authority is being requested to allow Federal earnings to be used to operate the remaining four habilitation centers.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM (con't)

This decision item provides Federal authority which will allow the Division to maintain and use Federal ICF/MR collections to support the costs of the on campus ICF/MR facilities and core reduce General Revenue in habilitation center budgets. The Division has reduced General Revenue in facility budgets, and Office of Administration General Revenue fringe benefit costs will also be reduced. The Division of DD will use Federal ICF/MR collections and Federal authority to fund habilitation center Personal Services, Expense/Equipment and fringe benefits for Federally funded positions. Net change to the state budget is zero impact. Habilitation Center budgets must maintain sufficient state General Revenue to provide the state share (36.59%) to generate the Federal ICF/MR collections.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

July 1, 2009 ICF/MR per diems for the Habilitation Centers:

NOTE: July 1, 2010 data is not yet available.

6d. Provide a customer satisfaction measure, if available.
N/A

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

This decision item provides Federal authority which will allow the Division to maintain and use Federal ICF/MR collections to support the costs of the on campus ICF/MR facility. General Revenue in habilitation center budgets will be reduced, and Office of Administration General Revenue fringe benefit costs will also be reduced. The Division of DD will use Federal ICF/MR collections and Federal authority to fund habilitation center Personal Services, Expense/Equipment and fringe benefits for Federally funded positions. Net change to the state budget is zero impact. Habilitation Center budgets must maintain sufficient state General Revenue to provide the state share (36.59%) to generate the Federal ICF/MR collections.

These totals include the following funds: Mental Health Interagency Payment Fund and Debt Offset Escrow. These are considered double appropriations in the State budget and therefore are not included in the Governor's Executive Budget.

GLOSSARY FUNDING SOURCES

Abandoned Fund Account: This fund collects moneys and other personal item dispositions and then transfers the cash to the Mental Health Trust Fund.

Compulsive Gamblers Fund (CGF): Section 313.842, RSMo., authorized a fund to provide treatment services for compulsive gamblers and their families. The fund is supported through the collection of one cent of the admission charge from gambling boats as provided in RSMo. 313.820. This fund receives its revenue by way of a cash transfer from the Gaming Commission Fund.

Debt Offset Escrow Fund (DOE): HB 874, 87th General Assembly provides for the transfer of tax refunds to an escrow account to offset debts owed to any State agency. Section 143.786 RSMo. requires the State agency to return the escrow funds plus interest to the debtor and/or the remaining balance to the appropriate fund or funds upon settlement of the claim.

Federal (FED): Authority is appropriated to accept funds coming to the Department from federal grant sources or Medicaid earnings.

General Revenue (GR): Missouri State revenues.

Healthcare Technology fund (HCTF): This fund is to be used to promote technological advances to improve patient care, decrease administrative burdens, and increase patient and healthcare provider satisfaction. Any programs or improvements on technology shall include encouragement and implementation of technologies intended to improve safety, quality, and costs of healthcare services in the state.

Healthy Family Trust Fund (HFT): This is a State fund supported from tobacco funding awarded to the State of Missouri.

Health Initiatives Fund (HIF): This is a State fund established through the Griffin Health Care Access Bill which receives new revenues from cigarette tax.

Home and Comm-Based Developmental Disability Fund (HCBDDF): Receives fees authorized by Senate Bill 307 (2009). The bill allows the Division of Developmental Disabilities to establish a certification fee for community providers delivering residential services and day habilitation services. These funds are used for various DD initiatives.

ICF/MR Transfer Fund (ICF-MR): SB 1081, 94th General Assembly provides for the transfer of assessment revenues from providing services of intermediate care facilities.

Inmate Revolving Fund (IRF): The Inmate Revolving Fund was established in accordance with RSMo. 217.430. The sources of revenue for the fund are reimbursements from offenders participating in work release, electronic monitoring, and residential treatment facility programs and, per RSMo. 217.690, from the payment of a fee, not to exceed sixty dollars per month, from every offender placed under board supervision on probation, parole, or conditional release. Per RSMo. 217.430, the funds shall be used as provided by appropriation, to support offenders in education programs, drug treatment programs, residential treatment facilities, other community-based sanctions, electronic monitoring, or in work or educational release programs.

GLOSSARY FUNDING SOURCES

Inmate Revolving Fund (IRF) (Continued): RSMo. 217.690 further states that funds may be used for the costs of contracted collections services as well as to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the board to assist offenders to successfully complete probation, parole, or conditional release. The Department of Corrections currently charges a fee of \$30 per offender under community supervision but may waive all or part of that fee based on factors such as disability or inability to pay. DOC agreed on the \$30 fee with the bill's sponsors when the intervention fee went into effect, but they allowed for the possibility of raising the fee in the future. The Department of Mental Health/Division of Alcohol & Drug Abuse, in conjunction with the Department of Corrections, utilizes a portion of these fees for the following programs: Community Partnerships for Restoration (CPR), Treatment Resources Encouraging New Directions (TREND) and Southeast Missouri Treatment program (SEMO). The first two programs, CPR and TREND provide assessment, case management, substance abuse treatment and employment placement for high risk offenders. The third program SEMO, provides substance abuse counseling for high risk probationers who otherwise would be unable to afford the treatment. All three of these programs are important components of the Department's efforts to reduce recidivism.

Inter-Governmental Transfer Fund (IGT): This fund is only used when the Department makes an Upper Payment Limit (UPL) claim on the state-operated ICF/MR habilitation centers to draw down additional federal funds for the State. The UPL is a method of calculating a supplemental federal payment in the Medicaid program based on Medicare cost principles.

Mental Health Earnings Fund (MHEF): There are several sources of cash deposited to this fund. One source is from the ADA Counselor Certification Board and another is the Substance Abuse & Traffic Offenders Program (SATOP). These are basically self-funded programs where expenditures are limited to the amount of revenues brought into the fund. Other sources include enterprise operations where the Department is reimbursed by private entities for activities such as food service or Mental Health First Aid USA.

Mental Health Interagency Payments Fund (MHIPF): This fund provides the mechanism for cooperative agreements between various agencies and the authority to accept funding from another state agency or DMH facility as a result of providing a service to that agency. Appropriations from this fund are considered a "double appropriation" in the statewide budget. An example of interagency payments would include agreements with the Children's Division to provide residential care and recovery for youth who require DMH services.

Mental Health Trust Fund (MHTF): This is an appropriation account established by the legislature that allows individuals or organizations to contribute to the Department for clients or programs. Section 630.330 RSMo. creates this fund and authorizes the Department to take, receive, administer and hold in trust grants, gifts, donations, moneys escheated under section 630.320, devises or bequests of money or other personal property and funds from the sales of the facilities' commissaries or canteens. The fund has been used to carry out the objects for which the grants, gifts, donations, bequests, etc. were made or for purposes of funding special projects or purchasing special equipment.

Mental Health Local Tax Match Fund (MHLTMF): Authority has been appropriated to maximize local tax funds contributed to pay the State's share for Medicaid-reimbursable services (mill tax, children's tax).

GLOSSARY BUDGET DEFINITIONS
--

Baseline - A trend line that tells us where we are headed if we continue doing what we are doing.

BRASS - A computerized budget preparation system (Budget Reporting & Analysis Support System).

Budget Object Budget Class (BOBC) - Related objects of expense & equipment expenditures (i.e. supplies, office equipment, etc..).

Budgeting Organization - An organization which consolidates detail financial data.

Capital Improvements Budget - A separate budget request document that lists and explains new construction or maintenance and repair projects needed at department facilities. Currently this is a biennium appropriation, approved for a two-year period.

Conference Committee - When the House and Senate versions of the budget do not agree, the budget is submitted to a joint committee of the House and Senate i.e. a certain number of representatives, with a like number of senators (called the Conference Committee) for resolution.

Core Budget Decision Items - The total amount of funds which the department and its divisions and facilities have for operations for the current year, less any one-time expenditure, reductions, redirections or transfers.

Core Reallocation - This core decision item is used for moving amounts or FTE, within a single budget unit or across multiple budget units, within the Department. These should net to zero within the Department.

Core Reduction - This core decision item is used for reductions to the core amount, other than reductions for one-time amounts.

Core Redirection - A method of increasing the funds available to one expanding program by refocusing funds from a non-expanding program. Core Redirection requests are treated as new decision items; requiring narrative and fiscal information.

Core Transfer - The movement of funds from one agency to another agency.

Cost-of-Living Adjustment (COLA) - A Governor recommended salary increase applying to all state employees with the exception of statutory salaries.

Decision Item - A specific request for continuation of a core appropriation of new funding requests above core; including narrative and fiscal information.

Decision Item Number - A reference number attached to each decision item proposed by the department.

Division of Budget and Planning (OA) - The key Division within the Office of Administration that reviews departmental budgets on behalf of the Governor's Office (also referred to as the Governor's Budget Office).

Expense & Equipment (EE) - Budget items that provide for operating costs (e.g., food costs, supplies, equipment, travel, etc.).

FTE - Abbreviation for "full time equivalent"; refers to staff positions. One FTE is a full time position. A .50 FTE would be a 50% or half-time position or its equivalent.

Fiscal Year - A twelve-month period of time to which the annual budget applies and at the end of which a governmental unit determines its financial position and the results of its operations (In Missouri: July 1, through June 30).

Governor's Veto - The Governor has a line-item veto power and may strike out of the budget any line-item or may reduce (but may not increase) the amount of any line-item.

Governor's Reserve - The Governor may hold back (reserve) a specified percentage of the department's appropriation for any given fiscal year to balance the budget. These funds are still in the appropriation but may not be spent. They carry over into the core for the following fiscal year and may be released or withheld again.

House Bill 10 (HB10) - Official appropriations bill (operating budget) for DMH.

House Bill 13 (HB13) - Official appropriation bill for leasing-related costs.

House Bill 14 (HB14) - Official appropriation bill for supplemental funding in the current fiscal year.

House Appropriations Committee for Health & Senior Services, Social Services and Mental Health - Sub-Committee of the House Budget Committee specifically assigned to review the budgets of the above-named Departments.

House Budget Committee - House committee responsible for reviewing and finalizing funding recommendations to the full House for all state departments and elected officials.

Inflation - Funds to meet inflationary increases of department facilities and vendors.

Line Item - A separate line in a house bill section that designates the funds for use for Personal Services, Expense and Equipment, a combination of Personal Services and/or Expense and Equipment or Program Specific Distributions.

--

Match Requirement - A condition attached to some federal grants and Medicaid items requiring recipient state governments to provide state funding in support of the state program supported by the federal dollars.

One-Time Expenditures - Expenditures that are approved in the budget for one year for major equipment purchases or for other non-recurring expenses.

Personal Services – Funds that provide for DMH staff salaries.

PSD - Abbreviation for “program specific distribution”; refers to specific program monies such as community services.

Rank Number - A number associated with an item indicating its importance relative to other items being requested; number one (1) is interpreted as most important with higher numbers indicating lower ranks.

Senate Appropriations Committee - Senate committee responsible for reviewing and finalizing funding recommendations to the full Senate for all state departments and elected officials.

Strategies - Specific courses of action that will be undertaken by the agency to accomplish its goals and objectives. While an objective indicates what the agency must do, a strategy indicates how the particular objective or set of objectives will be achieved.

The Arc of the United States - World's largest community based organization of and for people with intellectual and developmental disabilities. It provides an array of services and support for families and individuals and includes over 140,000 members affiliated through more than 780 state and local chapters across the nation. The Arc is devoted to promoting and improving supports and services for all people with intellectual and developmental disabilities.

Withhold - This is above the 3% Governor's Reserve. The withhold is a temporary or short-term hold on General Revenue and/or Other funds, as necessary to help balance the State budget or meet projected budget shortfalls.
